(781) 812-8917

Objective

I am looking to expand my knowledge and gain more experience working as a developer designing and maintaining modern software.

Skills

- Working and leading in a team environment
- Javascript / HTML5 / CSS3
- SASS / Tailwind / Bootstrap
- SQL / MySQL / mongoDB / AWS
- React JS / Node JS
- Git / Github
- Linux
- C++ / OOP

Project Experience

Recipe Book (June 2022)

- Recipe Book allows users to upload and share their recipes with other users on the platform. Created with React and Node.

Hosted:

<https://main.d4u3ts97tb3ea.amplifyapp.com/>

Code:

<https://github.com/sc-martel93/recipe-book>

Chat Room (May 2021)

- Single page React messaging app using firebase for user authentication and firestore database

Hosted:

<https://chat-app-cd6c7.web.app/>

Code:

<https://github.com/sc-martel93/chat-app/>

eCommerce Web Store (April 2021)

- Fully functional eCommerce React app using commerce js API for the backend
- Stripe payment processing

Hosted:

<https://vintage-ecom.web.app/>

Code:

<https://github.com/sc-martel93/ecommerce>

Cryptocurrency Tracker (April 2021)

- Single page React app that tracks current price of the most popular cryptocurrencies
- Uses coin gecko API

Hosted:

<https://sc-martel93.github.io/Crypto-Tracker/>

Code:

<https://github.com/sc-martel93/Crypto-Tracker>

Education

Computer Science

Quincy College - Quincy MA

GPA: 3.97

College Transfer Credits

Massasoit Community College -
Brockton, MA

High School Diploma

Abington High School -
Abington, MA
